Net Interest Income & Margin

- The impact of four successive reductions in official interest rates has impacted net interest income as the benefit of low rate deposits diminishes.
- Competitive discounting on loan interest rates and 'stickiness' in Term Deposit rates will continue to put pressure on the net interest margin.

Net Interest Income and Margin Trend

Non Interest Income

- Fee discounting and changes to fee structures to meet competitive offerings have reduced non interest income in recent years.
- Opportunities to develop new sources of non-interest income in ancillary services e.g. financial planning, insurance.

Expenditure

- Investment in marketing and online strategy as part of the growth strategy resulted in increased expenditure for FY12.
- Continuing tight control over all expenditure; however, initial fixed cost investment is required to drive the growth strategy which will be incurred in FY13.

Lending Quality – ongoing rigour

- Goldfields will continue to benefit from a conservative loan book and rigorous credit processes
- Provisioning and arrears levels as a percentage of total loans remain low

Provisioning

Year End 30 June (\$'000)	2011	2012	Change	Change (%)
Loan impairment Expense / (gains)	25	(14)	(39)	(156.0%)

Liquidity			
High Quality Liquid Assets	21.3%	38.0%	16.7%

- **Provisioning**
 - Loan book is currently well secured and modest arrears are been managed effectively. There is no intention to materially increase the risk profile.
- **RBA Interest rate reductions**
 - Current structure of the loans and deposits portfolio reduces earnings when interest rates are reduced. Introduction of Fixed Rate Home Loans will manage some of the interest rate risk in the short term.
- **Competition**
 - Significant competition continues to exist for both loans and deposits including the potential for relaxation of credit standards from some competitors.
- **Economy Deteriorates**
 - Global factors continue to weigh on confidence in the Australian context. Western Australia continues to have a bright outlook.
- **Regulation**
 - Increasing compliance burden from Australian regulators in response to global factors.

- Generate Scale in Lending - \$88 million over next two years – key strategic goal.
- Fund growth through diversification of channels.
- Margin Management – protect margin.
- Become a low cost provider of Financial Services.
- Prudent and Profitable Risk Management.
- Objective is to limit erosion of recent profitability whilst implementing a growth strategy, which introduces new costs ahead of revenues.

- Goldfields represents an excellent commencing platform. It has been a safe and sound regional institution exposed to one of the more robust economies in the world.
- The platform is unburdened by bricks and mortar and legacy IT issues and has a flexible, extremely competent team of people wanting to build a successful financial institution.
- Excellent client and credit book to commence with, where growth through relationship channels suggests a capacity equivalent to the determination to maintain the quality.
- Clients deposits benefit from the \$250,000 Government Guarantee.
- As Goldfields' profit profile emerges it is the intention to pay fully franked dividends.
- From a well regulated, low cost platform with an excellent team Goldfields has set itself the task of growing a Western Australian financial institution so as to benefit all shareholders.

The Goldfields Money Advantage / Positioning

- Leverage from being the only WA based ASX listed Authorised Deposit-taking Institution (Western Australian's have historically been quite parochial subject to service and price).
- Nimble in making credit and pricing decisions.
- Established brand in the Goldfields – ambition is to “Own our Town”; leverage existing infrastructure
- ASX Profile – ability to raise additional capital (advantage over Credit Union model).
- Relationships with key stakeholders – eg Patersons Securities; source of deposits and loans.
- Service will be our cornerstone; we will make it as easy as possible to do business with Goldfields Money.
- Pricing will be competitive although not necessarily market leading; will discount to secure quality relationships.
- Current products are basic in offering and features – investment will be made to enhance where required. The majority of customers seek a Home Loan; Transaction Account or Term Deposit.
- Online Strategy will be supplemented by Mobile Lenders / Business Development Managers; limited physical presence in early stages in Perth.
- People – experienced and motivated.

Strategic Approach

Horizon 1

GMY can grow market share by providing the **highest quality customer service** supported by competitive products and initially appealing to West Australian market

Horizon 2

GMY will actively roll out the distribution through **online banking capability into regional WA**. Where appropriate targeted roll-up acquisitions will be considered

Strategic Focus

Geographies

- GMY will initially be focused on the **Western Australian** market and will promote relationship banking as part of its differentiated value proposition

Customers

- GMY's primary target customers will be **individual West Australian's** within the current areas of operation and then extend into high net worth individuals

Products

- GMY will develop its **product offering** including:
 - Home Loans
 - Personal Loans
 - Deposits
 - CMA
 - Web saver

Channels

- GMY will **leverage multiple channels**:
 - Goldfields branches
 - Perth presence
 - Phone banking
 - Internet banking
 - Relationships
